The agenda will include the Diocesan budget, our new intern programme and the development of 'leadership pipelines'. This meeting is open to all and not just members of Deanery Synods. Churches Together Christmas Card 2018. The village Christmas Card is now ready for distribution. We aim to deliver to every house in Harden and Wilsden, around 2900 properties!
In Harden the card will go out with Tittle Tattle. In Wilsden, Trinity and St. Matthew's share the task. In St. Matthew's bundles are available at the back of church today. Please help to reach out to the community in this way!

Night Shelter The rota is now virtually complete and David is beginning to recruit a reserve list. Last year a combination of severe flu, bad weather and bereavements meant that several volunteers were unable to take part at short notice, making such a list essential. Being a reserve would not commit you to anything other than being phoned if there was a vacancy; if you had other commitments you would just say no. If you are willing to join the list, contact David Haigh at david@haigh.demon.co.uk or on 01535 274225.

Celia Dawson is currently recruiting cleaning teams for each morning of the shelter. If you feel able to help, speak to Celia or contact her at:

celiaandawson@hotmail.com or on 07952 692639.

Counting the Carbon Churches across the diocese are being trained in measuring the environmental impact of church activities using the first ever Church Carbon Calculator. A two-part training programme has been held taking place with four groups from across the diocese. Parish environment reps and churchwardens have been looking, firstly, at why caring for creation is a gospel issue and then learning how to use the calculator to measure their churches' carbon footprint.

Using the tool, participants have been collecting data about different aspects of church life which all generate greenhouse gases: energy use, congregational and staff travel, food served at church, other church expenditure, and waste.

Now the participating churches will be finishing off their data gathering and initial results are expected in January 2019. These will be the first comprehensive church carbon emissions figures in the country.

Prayers for the week beginning Sunday 25th November

Because of print deadlines this prayer diary cannot respond quickly to breaking news. In addition to the suggested topics, please keep in prayer national and international events as you learn of them.

Sun	25-Nov	On the day on which hymn writer Isaac Watts is commemorated, pray for all who lead music in our churches.
Mon	26-Nov	Pray that the right person may be called to be our Team Rector.
Tue	27-Nov	Pray for members of the diocesan Sudan group meeting today as they must prioritize requests for help and support.
Wed	28-Nov	CMS ask for prayer for a couple working in the Middle East on Bible translation. They meet local people trapped in a tradition of revenge and retaliation and ask us to pray for the reconciling power of the cross to break this cycle.
Thu	29-Nov	Pray for the benefice Advent course and for the team at Denholme leading it.
Fri	30-Nov	St. Andrew's day. Reflect on the calling of Andrew from his settled life and his willing response.
Sat	01-Dec	Christmas lights will be switched on tomorrow in Harden and Wilsden. Pray for all at these events and for awareness of the meaning of the celebration of Christmas.
